

# Be heard.

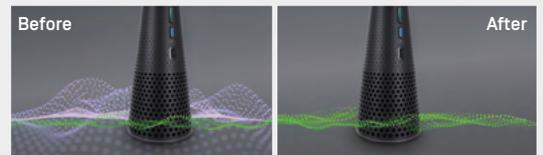

## IPEVO VOCAL AI Beamforming Bluetooth Speakerphone

### World's First Speakerphone With Two-Way AI Noise Reduction

VOCAL's noise reduction filters out the noise in your meeting room, as well as the noise on the other end of the conference call.

Upstream AI Noise Reduction Microphone

Downstream AI Noise Reduction Speaker

#### Designed for comfort

With the upright design of VOCAL, you won't feel the need to bend over to the speakerphone, unsure whether you are being heard.

#### Bluetooth freedom without wires

VOCAL is wireless, with an extra-long battery life of 40 hours. Place it at the center or pass it to whoever is currently speaking.

#### 360° sound coverage

VOCAL's speaker with echo noise cancellation and sound diffusion design spans all around its base, delivering sound evenly to each meeting participant.

#### Two microphone modes

The omnidirectional mode captures sound in a 360° range, while the 120° directional one captures the voice of a single speaker.

#### Compatible with everything

Plug and play compatible with Zoom, Google Meet, Skype, Microsoft Teams, Webex, GoTo Meeting, Barco, and more on PC, mobile devices, and Bluetooth-enabled devices.
